### Manufacturer of Hydraulic & Mechanical Presses

#### Forging - Extrusion - Stretch Forming - Compaction - Metal Forming

ERIE Press Systems works hard to provide you with truly turnkey solutions to your manufacturing challenges. To that end, in addition to designing and building high-quality forging and forming presses, we offer a large variety of products and services to help you keep your operation running smoothly. For over a century, ERIE Press Systems has designed and manufactured forging presses to the highest standards of quality and craftsmanship in the industry. Our commitments to continuous growth and quality management systems help us ensure that only the best forging presses leave our facility.

**Forging Presses**

ERIE Press manufactures open die and closed die forging presses as well as pre-forming presses in hydraulic and mechanical press.
